

COMMERCIAL CONTRACTING  
FOXCONLTD.COM

Longchamp

13850 Steeles Avenue West, Halton Hills, ON

## DESCRIPTION

The Parisian fashion house, Longchamp, known for its iconic leather and canvas handbags, operates in 80 countries with over 1,200 retail locations. Fox worked closely with the design consultant to bring this bright and airy store for the luxury brand to life.

Fox handled the installation of the client's custom millwork, front-of-house lighting features and storage room shelving for product inventory to deliver an elegant yet functional space.

In addition to these unique design pieces, the clean look of this store was fully achieved through smaller details such as a seamless heating and air-conditioning grille system that provides functionality and uninterrupted design.

It's all in the details!

**PROJECT**  
2,700 sq. ft.
