

DESCRIPTION

This Walmart Grab & Go location offers a hybrid shopping experience with convenience items from Walmart which you can scan, purchase on their app and simply walk out - no membership, cameras and sensors required. The space also serves as a Penguin Pickup location, an easy solution for collecting, shipping and returning your packages.

Fox was hired by SmartCentres to completely renovate this 3,000-square-foot open space. The fit-out included the retail space alongside the back-of-house storage.

The scope of work for this project included:

- Millwork
- Structural metal framing
- Flooring, drywall and painting
- Plumbing and HVAC
- Toilet accessories
- Electrical

PROJECT
3,000 sq. ft.
