Toronto Regional Real Estate Board

1400 Don Mills Road, Toronto, ON

DESCRIPTION

The Toronto Regional Real Estate Board (TRREB) is Canada's largest real estate board, serving 70,000 licensed brokers and salespersons across the GTA.

For this tenant improvement project, the construction spanned a range of spaces including several offices, washrooms and classroom areas, along with TRREB's main reception.

In this expansive office, Fox also delivered a full-sized professional kitchen and servery for TRREB employees and visitors to enjoy.

After a long day's work, employees can take advantage of the newly renovated on-site gym and change rooms for a convenient workout session.

Fox was fully equipped to complete this complex and diverse project, drawing from over 25 years of experience in institutional, commercial and hospitality construction.
