The Insurance Institute
18 King Street West, 6th and 16th floors, Toronto, ON

DESCRIPTION

The Insurance Institute is the premier source of professional education and career development for the country's property and casualty insurance industry. Established in 1899, the Institute is a not-for-profit organization serving more than 39,000 members across Canada through 19 volunteer-driven provincial Institutes and chapters.

This interior office renovation took place across two floors of a building in the downtown core. The phased project (11 phases) required after-hours work as the renovation occurred in an occupied space.

PROJECT
10,000 sq. ft.

CLIENT
Devencore

TEAM
Project Manager // Amandeep Walia
Primary Consultant // Figur3, Katherine Egenberger
Electrical Engineer // The Hidi Group, Cole Drummond
