ARRISE

5140 Yonge Street, Toronto, ON

DESCRIPTION

Fox delivered this 22,000 square-foot office renovation for ARRISE, an international services group that powers leading technology companies.

The build-out for this software development and services company included an all new independent cooling and HVAC system and cooling tower, alongside an independent chilled water system.

In addition to the cooling system, the scope of this project included:

- State-of-the-art studios
- Upgraded reception and meeting rooms
- New kitchen and bathrooms
- Professional make-up room

PROJECT
22,000 sq. ft.
